

This is an Aerial Picture of our Nursery at 1435 Independence Ave., Waterloo, Iowa. We also operate 35 acres near Dunkerton, Iowa, where we grow thousands of Evergreens, Shade & Ornamental Trees, Shrubs, Strawberry and Raspberry plants. Many of these trees and plants will be ready for planting this spring. While we have the largest stock we have ever had, we advise you to look this catalog over and select the items you will need for spring planting. Then send us your order as soon as you can and we will reserve the stock until Planting time. Or you can phone the order to us, or you may come to the Nursery for it, when you are ready to plant. Either way you may send payment now or pay for the order when it is delivered. We will be glad to help you with your Planting Problems.

Our Nursery is still at the same location - 1435 Independence Ave., just East of St. Francis Hospital. Although the Highway is now 281 instead of Highway 20

LANDSCAPE SERVICE
 We will be glad to help you plan all kinds of landscape work, and give free estimates on any work you want done.

GUARANTEE AND CONDITIONS

We are careful to keep our varieties true to name and will replace any portion of the stock that may prove otherwise, or refund the price paid for such portions. It is agreed that the original price shall be the maximum damages the purchaser is entitled to. Any material failing to grow will be resupplied at one-half the original cost of the stock provided we are informed of such failure prior to Sept. 1st following purchase.

These prices are for delivery at the nursery or to your residence in Waterloo or Cedar Falls. Out of city orders will be delivered F.O.B. to post office, express, and freight and truck line terminals. 25¢ delivery charge will be made on all orders less than \$2.00.

TERMS OF PAYMENT are cash on or before delivery of the stock, unless previously otherwise agreed upon. Remittances may be by check or any convenient form, payable to Meyers Nursery.

Nursery stock sold by Meyers Nursery is inspected by State Inspector 2 times or more a year.

 OVER THE LIST OF NEWER

• SHRUBS

• TREES

• FRUIT

— WE HAVE LISTED BELOW —

Fassons Red Maple

Beautiful, deep maroon purple foliage from spring 'till frost. Makes a wonderful contrast to other trees Handsome, symmetrical shape. Very hardy. Reaches a height of 25 to 40 feet. 5-6 ft., Whips \$4.95; 6-8 ft., Branched \$9.50; 8-10 ft., Branched \$14.00.

Sunburst Locust

5735. Fall Color All Summer! Bright, golden-yellow branch tips, contrasting with deep green inner foliage, make SUNBURST look like a flowering tree all summer long. Needs no special care, grows fast in any soil. Branched 5-6 feet \$7.50; 6-8 feet \$9.50; 8 to 10 feet \$14.50; Whips 5-6 feet \$5.90.

Fruit — New Jonadel

NEW "IOWA STATE COLLEGE" INTRODUCTION
 JONATHAN — DELICIOUS CROSS

Bears large fruit, smooth skin, cherry red bark. Red. Crisp and juicy flesh, flavor milder than Jonathan. Blight Resistant Now.

5-6 feet each \$2.95 3 for \$7.25

Strawberries

OGALLALA—Most fabulous strawberry yet developed. Most delicious everbearing strawberry, 25 for \$2.25; 100 for \$6.95.

CYCLONE—Junebearer. The berry is bright red, sweet and juicy, borne on vigorous plants. Cyclone out-yielded every early and midseason variety compared with it. . . and none had the size to match it.

25 for \$2.95 100 for \$7.95

... Plant MEYERS FLOWERING SHRUBS ...

Pink Flowering Almond—4 to 6 feet. Large, double pink flowers before the leaves.

Barberry, Green Leaf (Thunberg's Japanese) — Ideal for border and low foundation planting. Makes a low, dense, rounded bush 3 feet tall and just as wide. Grows in sun or partial shade. The foliage colors a beautiful bronzy-red in the fall, with bright red berries.

Red Leaved Barberry — 3 to 6 feet. A form with purplish red foliage all summer if in sun.

Cotoneaster Acutifolia Quinceberry—5 to 8 feet. Small glossy, dark green leaves with brilliant fall coloring. Splendid hedge plant.

Gold Twig Dodwood — 6 to 8 feet. Highly decorative with golden yellow bark in winter.

Dogwood, Red-Twigged — 6 to 8 feet. Good foliage coloring red in fall. Bright red bark in winter.

Dogwood Elegantissima — 6 feet. Silver edging on the leaves makes a pleasing contrast to other shrubs.

Euonymus alatus — Winged Wahoo — 6 to 10 feet. Broad corky wings on the twigs, red berries and brilliant fall foliage makes this attractive at all season. Unexcelled for specimens.

Forsythia intermedia, Yellow Bells — 6 to 8 feet. Arching branches. Blooms very early. Branches may be forced indoors.

High Bush Cranberry — 6 to 10 feet. The fruiting form of the common Snowball. Bright scarlet berries in the fall.

S60 Hydrangea, P.G. — At first the coneshaped flowers are white, then turn pink and bronze. When cut they last for many weeks inside. It thrives in partial shade. Grows 4 to 6 feet tall and is in bloom from mid-summer to frost.

Honeysuckle Zabeli — 10 to 12 feet. Upright growing dark green foliage, rosy red flowers and bright red fruit. One of the best of all honeysuckles.

Honeysuckle Tartarian — 6 to 8 feet. Upright. Pink or white flowers, red berries.

Lilac, Old-fashioned purple — large very attractive, pleasing fragrant clusters in May. Most popular and loved lilac of them all. Hardy and vigorous.

Meyers Dwarf Bridal Wreath — This shrub was developed by the Meyers Nursery, and after 30 years test we know that it is definitely a dwarf shrub which attains a mature height of about 3½ feet.

Dwarf Bridal Wreath. — (Meyeri Nana). A handsome dwarf version of Bridal Wreath. Blossoms are somewhat larger and come a little later in the season. Graceful, arching branches. Hardy.

12 to 15 inch Plants

Each \$1.50; 3 or more, \$1.35 each
Postpaid

Rothomagensis Lilac—Many large blooms; beautiful reddish-lilac. Very Hardy.

Aurea. Golden Mockorange—5 ft. A dwarf compact variety with yellow foliage.

Coronarius, Sweet Mockorange—8-10 ft. The old fashioned kind.

Virginialis, Virginal Mockorange—4 to 5 feet. Large, semi-double, fragrant, quite continuous.

Ninebark Golden Leaf — 4-5 ft. A very hardy shrub having white flowers in May and June. Very attractive yellow foliage.

Prunus-cestana, Hansen's Purple Leaved Plum — 6 to 8 feet. Bright reddish-purple foliage throughout the season. Purplish-pink blossoms purple fruit. The best red-leaved shrub.

Triloba—Double Flowering Plum—7-8 ft. Clear pink, double rose-like flowers in April-May. Much admired by everyone.

Quince—Japanese Flowering, Cydonia japonica—4 to 6 feet Scarlet flowers before the glossy green leaves.

Snowberry—Red, Indian Current — 3 to 5 feet. Endures densest shade and dry soil. Covered with small red berries in early winter.

Snowberry, White — 3 to 5 feet. Endures much shade, Large white berries in fall.

Spirea—Anthony Waterer—2 to 3 feet. Very compact, Pink flowers all summer.

Billardi—4 to 6 feet Bright pink fluffy flowers in spikes July-October. Upright grower.

Spirea, Froebelli — 3 to 4 feet. Resembles Anthony Waterer. More vigorous. Purplish-red fall foliage.

Spirea, Thunbergi — 3 to 4 feet. Slender, arching branches and fine feathery light green foliage. White.

Multiflora Rose — Grows bushy, very hard, covered with small white rose in early summer.

Vanhouttei Vanhoutte Spirea—5 to 7 feet. Commonly called Bridal Wreath. White flowers in May. Graceful habit. Thrives almost everywhere.

Tamarix pen randa, Blue-Green Tamarix—4 to 8 feet. Fine feathery blue-green foliage. Racemes of delicate pink flowers.

Weigelia — Vaniceki Red Flowered Weigelia—4 to 6 feet. Rich reddish-purple flowers June-August.

Rosea, Pink Weigelia—4 to 6 feet. Mass of pink in June. For protected places.

Privet (Amoor River) — This is the best of the hedge plants. Can be trimmed to any height, very dense, dark green foliage.

CLIMBING VINES

CLEMATIS, Large Flowering

All like cool, well drained, but moist limestone soil with sun for the tops.

Jackmanni—Large, violet purple.

Clematis Henryi—Immense flowers of lustrous white.

Clematis Andre—Handsome blooms of soft velvety-red.

Clematis Ramona—Exquisite lavender-blue flowers.

3 inch pot plants, above kinds, Each \$1.75.

Engelman Ivy — Hardest vine clinging to smooth walls

Size No. 1, Each, \$.85; 2 for \$1.50

Bittersweet, American, Celastrus scandens — Well known native twining vine; large red and orange berries.

Size No. 1, Each, \$.95; 2 for \$1.75

Vetchii, Boston Ivy — Very refined, but less hardy than englemanni. Two year.

Size No. 1, Each \$1.25

Heckrotti, Honeysuckle — Large fragrant, flame-red trumpets, lined with gold are produced in immense showy clusters; blooming from early summer until frost. The blooms are produced the same year the plant is set out. Foliage, dark blue-green, disease and pest free. Hardy.

Each \$1.25

Purple Wisteria \$1.00

Evergreen Vine (Euonymus Vegefus) 2 yr. \$1.75

Rules for a Beautiful Yard

1. Buy Nursery stock from a reliable nursery.
 2. Follow planting instructions given by the nursery.
 3. Water plants thoroughly (2' deep for shrubs, and trees up to 8/10 ft., high, larger trees 3 to 4 ft., deep.)
 4. Cultivate around shrubs and trees.
 5. Fertilize 2 times yearly for most stock.
 6. Trim as needed.
 7. Spray as needed.
- The Meyers Nursery will be glad to help you keep the above Rules by answering any questions that you may have. Just Phone AD 2-3954 with your problems.

Ludwig—Spaeth—Single. Very attractive dark red flowers. One of the best varieties. 18-24 feet, each \$1.75; 3 for \$1.65; 2-3 feet each \$2.20; 3 for \$2.05; 3-4 feet each \$2.75; 3 for \$2.60

PLANT MEYER'S FLOWERING SHRUBS

Spirea Thunbergii

One of the better semi low growing shrubs (3-4 ft.) Slender arching branches covered completely in early Spring with dainty white flowers. Foliage is feathery, light green, and dense. Trims well, grows in shade or sun in any type of soil. The foliage makes a nice background for cut flowers. Meyers Nursery recommends Spirea Thunbergii very highly for Foundation and Lawn plantings.

18-24 in., \$1.10 2-3 feet \$1.50
3-4 ft., \$2.25 10 or more plants 10% discount

Spring Glory Forsythia

5332. Large yellow flowers completely cover the branches in early spring before foliage appears. Such masses of bloom that the branches gracefully bend under their weight. Jumbo 18-24" \$1.10; 2-3 ft., \$1.35; 3-4 ft., \$1.75; 10 or more 10 % off.

Hardy Perennials

Prices, unless otherwise noted of Perennial Plants:
Each 55¢ 3 for \$1.50 10 for \$4.55

ASTERS, Hardy — Red, Pink, White, Blue. 50c each.
—**Hardy Ageratum**—Lovely light purple-blue flowers of fluffy texture from August until frost; fine for cutting. 12-18 inch.

AGUILLEGIA, COLUMBINES — Not particular as to soil, endures some shade. Red pink, white, yellow.

CREeping PHLOX (subulata)—These grow scarcely four inches tall, with moss-like foliage that stays green all winter. In the spring, completely covered with flowers. Thrives in sun or part shade.

..... Blue,Pink,Red,White

CARNATION—Dwarf 15 in.; compact, double flowers. State variety.

—**Red King**—Bright red.

—**Pink Beauty**—Soft pink.

—**Puff Ball**—White as snow.

CANTERBURY BELLS — Big, bell-shaped flowers loading the 2-ft. spikes. Blooms in June. Blue, Rose and Pink.

DELPHINIUM, Pacific Hybrids—The flowers are immense, 2½ to 3 inches across. The colors range from pure white, sky-blue to deepest indigo-blue, purples, violets, and those exquisite shades of orchid-pink. The plants grow 4 to 7 feet tall with flower trusses often 3 to 4 feet long.

—**Bellamosa**—2-4 ft. Like above but dark blue all summer.

—**Belladonna**—2-4ft. Light blue. all summer.

—**Chinese Blue**—1-2 ft. Finely cut foliage. Gentian blue, all summer.

—**Delphinium, Larkspur**—All like limestone soil and good drainage.

GAILLARDIA, Blanket Flower—1 to 2 ft. Flowers have red, yellow, and orange blended.

—**Gypsophila (Baby's Breath)**—2 to 3 ft. Great masses of small white flowers in July-August. Lovely in the garden and fine for cutting.

HOLLYHOCKS—6 ft. towers of blooms, with big, double flowers all summer. Red, Pink or Yellow. State color10 for \$4.50

Lychnis Chalcedonica (Maltese Cross) — Very fine durable, old-fashioned flower with dense heads flashy scarlet throughout midsummer.

LUPINUS polyphyllus (Lupine)—Extremely handsome perennial with beautiful palmate foliage and long spikes of brilliantly colored sweet pea-shaped. Plant in well-drained spots with soil that is not too rich and free from lime. Blue, Rose, Red and Mixed shades.

LINUM PERENE, HARD FLAX — 1 to 2 ft. Light, graceful foliage and stems. Pale blue flowers each morning. June-September if cut down occasionally.

—**Morden Lythrum**—It's beautiful—it's hardy — it's grand. Throughout the summer there is a continuous succession of lovely rose-carmine spikes that are ideal for cutting. Originating in Canada, it is completely hardy, thrives everywhere. Plant grows 3 ft. or more tall.

Each 85¢

MONARDA—(Haremint) — Fringed flower heads of blazing scarlet appear on 20 to 30 inch stems in July and August; foliage somewhat aromatic.

PERENNIAL SWEET PEA — (Lathyrus) — Hardy creeper or climber, with lovely clustered flowers. pink to rose-red, throughout the summer. Fine for cutting. **Platycodon grandiflora, Ballon Flower**—2-3 ft. June. October. Large ball-shaped flowers either blue, White or Pink. Inflated ballon like buds.

Oriental Poppies — 2 feet. Large orange-scarlet flowers with black centers. May-June.

PYRETHRUM, PERSION OR PAINTED DAISY — 2 to 3 feet tall. All colors, white to deep red.

SHASTA DAISY—Early Glistening white flowers in countless numbers during June, are a beautiful sight in the garden; grand in bouquets. Mature growth about 15 in. tall.

Sedum Spetabile—Most notable of the Erect Sedums, producing a mound of excellent light green foliage, topped with immense heads of handsome rose-colored flowers in late summer and fall.

STOKESIA (Stokes' Aster) — We highly recommend this as a border plant. Beautiful aster-flowers of lilac-blue are in abundance nearly all summer.

SWEET WILLIAM — These brilliantly colored old-fashioned garden plants are as indispensable today as they were 100 years ago.

—**Pink Beauty**—A sparkling crushed strawberry-pink.

—**Scarlet Beauty**—A vivid scarlet. Very choice and effective. 1½ ft.

YUCCA filamentosa, Adam's Needle—4 to 6 ft. Tall pyramidal clusters of large creamy flowers; June-July.

Heavy 3-year plants, \$1.00.

CHRYSANTHEMUM

Each 75¢

3 for \$2.10

6 for \$3.85

Algonquin—Fine, brilliant, double yellow. Mid-September. 18 inches.

Amber Glow — A 2½ inch flower of soft salmon or peach pink. Flowers very profusely. Blooms October.

Avalanche—Large well formed double white flowers in great quantities. 2½ to 3 feet. Late September.

Burgundy—Rich deep red, Fully double. Perfect form. Early October. 2½ feet.

Harbinger—Double 2½ to 3-inch flowers of golden bronze. Grow 27 inches tall.

Red Velvet—Double 3-inch flowers of crimson. Grow 24 inches tall.

Lavender Lady—A lovely true lavender, no trace of mauve, purple, or magenta appears under any light condition. Flowers are full, double, 3 inches across. Early October.

Heatherbloom — D. (KRAUS)—Very double; heather-pink, center of shaded rose red with gold tipping. An outstanding flower.

Olive Longland — D. (KRAUS)—Three inch apricot toned salmon-pink. Blooms freely the best of the pastel shades.

September Dawn — Gorgeous deep pink of an autumn sunrise. Large double well formed flowers of 3½ inches.

Arapahoe—Huge rich red flowers. Stems 30 to 36 in. high. University of Nebraska origination.

Cecil Beed—Finest early pink mum.

Blush White—(Nebr.) Beautiful blush white large blooms.

Adoration—Large spreading double blooms. Pink on a cream background. Easy to disbud. Plants will carry 6 to 8 blooms 5 to 6 inches in diameter. Fine for cutting. Late September. 36 inches.

Butterball—30 inch double. Large lemon-chrome.

Dahlia—20 inch double, wine red. September 10.

Duluth—36 inch double, yellow. September 20.

Growing Coals—D. (KRAUS)—Bright deep cherry-red with orange reverse. Well branched plants of large sprays. One of the best early reds.

Polar Ice—A pure white double flower of 3 inches. Grows vigorously, flowers freely, and bunches nicely. Early September.

Pygmy Gold — A distinct, fine Pom Pom type. The color of a clean golden yellow. Early September.

Alabaster—White incurved blooms.

Challenger—Bright bronzy red blooms.

China Gold—Large double yellow.

Everblooming Roses

The roses listed on this page are 2-year No. 1 plants grown in Northern California.

Christopher Stone — H. T. sensational new red rose. Large brilliant crimson-scarlet shaded deeper. Has a delicious old-rose scent.

Picture — Velvety clear rose-pink with undertones of salmon. Very double.

Countess Vandall — Long pointed bud, upright stems. Color combination can hardly be described, pink, copper gold and salmon. Fragrant.

Ami Quinard — The "black rose." Crimson-maroon with blackish luster.

McGredy's Yellow — Bright, buttercup yellow; perfect form; vigorous and healthy.

The Doctor — Large, beautiful buds opening to enormous semi-double, cupped flowers of satiny pink. Fragrant plant. Vigorous and bushy.

M. Rex Anderson, (6.9) Outstanding delicate, lovely ivory-white. Perfectly formed, slow opening. Flowers fully double and of enormous size.

T. Charlotte Armstrong, Unique colors with long slender blood-red buds opening to magnificent brilliantly colored open flowers, spectrum-red in cool weather, cerise in hot weather, AARS 1941.

T. Soeur Therese, (7.5). Double blooms of rich yellow. Vigorous.

Poinsetta — H. T. Large unfading scarlet flowers. Long pointed bud.

Pedrales — Large, creamy-white opening to pure white with a yellow center. Airy fragrance.

President Herbert Hoover — Long stems on vigorous plants; extremely large double blooms of creamy yellow.

Each of the Above \$1.35; 3 for \$3.75

Rose Freedom — Pat. No. 791 (\$2.00 each; 3 for \$1.75 each) Beautiful 60-70 petaled long-stemmed, currant red blooms, fragrant. New mood usually thornless, disease resistant foliage.

Chrysler Imperial — Pat. No. 1167 (\$2.50 each; 3 or more \$2.20) Vivid rich tones of crimson with dark ox-blood overtones, and garnet. High centered 5½-5 ft., blooms.

Floribunda Roses

Pinocchi (P.P. 484) — Clusters of salmon-pink all through the season. About 2 feet tall.

Each \$1.75 3 for \$4.65

White Pinocchio, Patent No. 1010. New outstanding floribunda, semi-double flowers of pure white with yellow stamens. Large 2 to 2½ inch flowers.

Each \$1.50 3 for \$3.90

Garnette, comparatively new variety of merit producing red sweet-heart roses. The plant attains a height of only about 18 inches and carries crinkled holly-like foliage.

Each \$1.50 3 for \$3.90

Red Pinocchio. Bright red companion to the original Pinocchio. Plants are robust growers and produce great quantities of blooms from spring thru the fall.

Each \$1.75 3 for \$4.65

Sarabande,—Patent No. 1761. (Retail \$2.50 each; 3 or more \$2.20 each.) 1960 AARS award winner. It's orient-red — Semi double, large flowers with bright yellow stamens clusters hold color throughout.

Each \$1.35 3 for \$3.75

EUTIN ROSE—large clusters of very double deep red flowers on a vigorous mildew resistant bush.

Each \$2.00 3 for \$1.75

M. Vogue, (8.2) Patent No. 926. — Cherry-coral individual flowers three to four inches in diameter, perfect high centered form. They open slowly from a dark cherry ovoid bud to the delightful cherry-coral fragrance.

Each \$1.50 3 for \$3.75

M. Lafayette Improved, (7.3) Large clusters of bright cherry-crimson.

M. World's Fair, (8.0) Produces large clusters of velvety blooms of fragrant blackish-scarlet with glowing mass of golden stamens.

Each \$1.50 3 for \$3.75

Patented Hybrid Tea Roses

Helen Traubel, Plant Patent No. 1028. (Retail at \$2.75 each.) Light pink to apricot. Long, slender buds and 4 to 5-in. blooms.

Tiffany. (Patent applied for). A cross of Charlotte Armstrong and Girona, is a beautiful phlox pink, producing blooms of outstanding quality.

Each \$2.75 3 or more \$2.40 each

Garden Party, Patent applied for. (Retail \$3.50 each; 3 or more \$3.10 each.) New 1960 AARS award winner. Extra large flowers of creamy ivory beautifully flushed with pink on outer edges.

New Yorker—Patent No. 825. Brilliant red with color long lasting and sun-resistant. Plant is sturdy, upright and vigorous. Often measuring 6½ inches across.

\$2.50 \$2.60

Duet, Plant Patent No. 1903. (Retail at \$3.50 each. Beautifully formed bud opening to a medium-sized bloom with inner petal face of soft salmon-pink and near crimson on the reverse.

MEYERS HARDY FRUIT FOR IOWA

APPLES

EARLY VARIETIES

Beacon—This new apple originated at the Minnesota Fruit Experiment Station. The fruit is large, solid bright red of very fine quality. It ripens in August.
Yellow Transparent—The favorite early apple. Ripens in July. Bears young, heavily and every year.
Red Duchess—Top of the list for summer cooking apples.

FALL VARIETIES

Wealthy—The grand fall apple that does well everywhere. Large size fruit, striped red, tender, juicy, excellent quality.
Fameuse (Snow)—Crimson striped apple, with pure white flesh, juicy and of highest quality with crisp flesh.
Haralson—Large good red apple that keeps all winter. Heavy bearer, very hardy.
Fireside—A hardy and productive tree of the Delicious type, equal to it in quality. Suitable for northern sections.
Red Delicious—This is the original Delicious which originated in Iowa and has been planted from coast to coast for its superb quality and mild juicy flavor.
McIntosh, Solid Red—This large red apple is popular in the east, and also in sections of other states. Flesh snow-white of very high quality.
Yellow Delicious—This is now the most popular yellow apple in all America. It bears young and heavily.
Min-Jon—The brand new, four star "Minnesota-Jonathan," originated by the Minnesota State Breeding Farm. It produces beautiful, luscious apples way up to the Canadian line. Dark shiny red all over, with yellow crisp flesh.

CRAB VARIETIES

Whitney—Always called a Crab, but as large as some apples. Red striped fruit of excellent flavor, not tart. Makes delicious pickles and butter.

PRICES OF APPLES AND CRAB APPLE

	Each	Per 3	Per 10
4 to 5 feet	\$1.65	\$4.80	\$15.00

PLUMS

La Cresent—Outstanding yellow plum. The big, tender, sweet fruit makes delicious preserves and pies.
Pipestone—The grand big new purplish-red plum from Minnesota, as large as tropical fruit but all hardy. Finest quality; excellent for canning or eating fresh. Bears young and heavily; ripens in August.
Red Coat—Big prune-shaped plums of vivid scarlet; rich, juicy, meaty flesh of delicious flavor. Entirely freestone.
Stanley—A new prune-type plum from New York that is rapidly becoming the most popular of all plums. Large, dark-blue, prune-shaped fruits. The rich yellow flesh is firm, sweet and delicious flavor. Exceptionally fine for eating fresh and canning. A heavy regular bearer. Ripens in early September.
Superior—A plum that should be in every planting. Immense fruit of clear rich red firm meaty flesh of rich, delicious flavor. Can be peeled as you would a peach. Ripens early in August. A good pollinizer for other plums.
Waneta—Juicy, medium sized fruit of rich, fine flavor; dark purple skin and flesh. Excellent for canning. Bears enormous crops.

PRICE OF PLUM TREES

Canada Red — All red rhubarb. It's positively the sweetest and finest of all. It's rich red color extending to the heart and clear up into the leaves.

Each, \$.98; 3 for \$2.85

Lawn Seed

We offer a special mixture of extra good quality Lawn Seed that we do not hesitate to recommend very highly. We mix only the best grades of seed which insures a good stand of grass. You cannot afford to take chances with your lawn. The best policy is to sow clean seed. In addition our Lawn Seed is Gro-coated. Gro-coat protection means the use of fungicides which disinfect the area around the seed. There is a growth stimulator added which is designed to increase early root development. Home owners tell us they get faster growth, larger plants and many more of them, when they sow Gro-coated lawn grass seed. We mix two grades of seed, one for ordinary seeding and another for shady spots. One pound of seed will sow approximately 250 square feet.

MEYERS LAWN MIXTURE contains 50% blue grass recommended by "Iowa State College" with 5% clover and 45% other fast growing PERENNIAL grasses.

per lb. \$1.00

WE HAVE ROLLER and SEEDER TO LEND, to the do-it-yourself person. We will be glad to recommend how it should be done.

VEGETABLE and FLOWER SEEDS

We are stocking a complete assortment of vegetables and annual and perennial flower seeds in packets and cartons. The cartons contain about enough seeds for one planting in the ordinary garden. Peas, beans and sweet corn are packed in cartons and sell at 20¢ per carton. Most other vegetables and flowers sell at 10¢ and 15¢ per packet. These seeds are furnished to us by the FERRY-MORSE SEED CO., which is one of the largest growers of seeds in the country. All of the varieties we stock are adapted to this vicinity and are the best strains to be had. We are now stocking Burpee Flower and Garden Seeds.

Besides the seeds in packets, we are offering the following seeds in bulk. These seeds are available at the nursery or we will send them to you postpaid anywhere in Iowa at these prices.

MEYERS NURSERY'S RULES FOR A BEAUTIFUL YARD

1. Buy Nursery Stock from a Reliable Nursery.
2. Follow Planting Instructions given by the Nursery.
3. Water Plants Thoroughly (2 ft. deep for Shrubs, and Trees up to 8-10 ft. high, Larger Trees 3-4 ft. deep).
4. Cultivate around Shrubs and Trees.
5. Fertilize 2 times Yearly for most stock.
6. Trim as needed.
7. Spray as needed.

The Meyers Nursery will be glad to help you keep the above Rules by answering any questions that you may have. Just Phone ADams 2-3954 with your problems.

... Plant MEYERS SHADE TREES ...

Ash Green — A fast growing shade tree. Not easily broken by storms or likely to be injured by pests.

Birch, Cutleaved — Weeping — 30 to 40 feet. A very attractive ornamental tree with white bark and fine drooping branches.

Birch, European White — 30 to 40 feet. A hardy attractive tree with white bark.

Ash, European Mountain — A valuable tree on a small lawn; scarlet berries.

Elm, American White — 80 to 100 feet. One of the best of all shade trees. Thrives in almost all situations.

Elm, Chinese — Extremely rapid and dense growing. Suitable for dry soils. Twigs fine and much bent. Leaves small and remain green late. Cut back heavily in transplanting.

Hackberry — strong, rapid growing shade tree.

Locust, Moraine — 50 feet. A new patented tree completely seedless and thornless with a pleasing vase shape similar to the elm. The small compound leaves make a filtered shade.

FLOWERING CRABS

Betchel Double Flowering — 10 to 15 feet. A double form of the Wild Prarie Crab. Large, double, pink, fragrant flowers.

2-3 ft. Each \$2.25

Eley Flowering Crab — *M. eleyi* — Purplish-red foliage through the season. Red flowers and fruit.

Hopa, Pink Flowering Crab — 24-25 feet a rapid up-right growing kind with large pink flowers, new growth and wood.

4-5 ft. Each \$2.50

5-6 ft. Each \$3.25

New Almey Flowering Crab—Breath taking clouds of dollar size blooms of glistening fiery crimson! Developed in Canada, it's now the most colorful flowering crab in America. From a distance the tree looks like a mass of flame.

5-6 ft. Each \$3.50

6-8 ft. Each \$4.25

Strathmore, 20 ft. — Upright habit of growth. Flowers red in the bud opening to pink with a mauve shading. Reddish green foliage. Dark red fruit.

4-5 ft. Each \$3.50

Lombardy Poplar, Populus nigra italica—50-70 feet. The well known very columnar poplar widely planted for tall screens, accents and hedges along drives. The dense upright branches form a slender tapering tree from the ground to a slightly pointed top.

Linden—American Tilia Americana — 60 to 80 feet. Large leaves, splendid shade tree.

Maple — Schwedler, Purple Norway — 40 to 50 feet. Large, bright purplish-red foliage in spring, turning to bronzy-green in summer and yellow in fall. Budded on common Norway Maple. One of the most colorful shade trees.

Maple—Hard or Sugar — One of the best shade trees which colors brilliantly in the fall.

Maple, Silver — A beautiful fast growing Maple, with compact, sturdy branches and large, dark green leaves. One of the best.

Maple, Crimson King — In the spring the foliage is a rich red and carries this deep red foliage through the entire season.

Red Oak Pin, Quercus borealis — 60-80 feet. One of the faster growing of the upland oaks.

Oak Pin, Quercus palustris — 75-90 feet. Grows rapidly in moist soil. Leaves are retained and color splendidly. Transplants easier than most oaks. Lower branches somewhat drooping.

Willow, Niobe Willow — 40-50 feet. Golden yellow bark, very long penulose branches. Strikingly beautiful as a specimen or at the waterside. Very rapid grower. Plant early.

Pyramidal

American Arbor Vitae

Andorra Juniper

Maneyei Juniper

Savin Juniper

Pfitzer Juniper

Cannarti Juniper

Globe Arbor Vitae

ARBORVITAE

American, Thuja Occidentalis—A selected dark green, broadly pyramidal form grown from cuttings. It is the hardiest and most drought-resistant Arbovitae.

Globe—2½ to 4 feet. A dwarf form which makes compact globes without trimming.

Pyramidal—15 to 20 feet. Grows in columnar form with shearing. Brighter and darker green than the common Arbovitae. Much used in entrance, foundations.

Siberian—10 to 15 feet. One of the hardiest of all the Arbovitae, very compact, broadly conical in form and with dense dark green foliage.

PINE

Mugho, Dwarf Mountain Pine—3 to 5 feet. This makes a compact dome-shaped bush broader than high. Size apply to width rather than height.

White, P. Strobus—60 to 100 feet the softest foliage of the pines. Endures some shade and is the longest lived and largest growing pine.

Austrian—25 to 30 feet.. Bright green at all times and endures city conditions exceptionally well.

FIRS

Balsam Fir—Beautiful, heavy, lustrous deep green foliage. Fine for ornamental planting and for "living Christmas trees." Also a good windbreak tree.

Concolor Fir—Long graceful needles, varying in color from light green to gray-blue. Tree grows compact and shapely.

Douglas Firs—A hardy, quick growing, drought resisting, deep green tree. Ideal to use as an ornamental or windbreak tree.

Black Hill Spruce

Colorado Green

SPRUCE

Black Hills—50 to 70 feet. A native of the Black Hills. It does very well over a wide range and makes the finest specimens of all spruce.

Colorado Blue—Selected Blue Specimens or Shiners.

Norway Spruce—A rapid growing, thrifty Evergreen with wide adaptability as to soils and locations.

JUNIPER

Chinensis, Chinese Juniper—20 feet. Resembles Red Cedar. Does not get red in winter.

Canarti J. virginia cannarti—15-20 ft. A grafted form, clear green throughout the year. Needs shearing to make a close, regular pyramid. Unexcelled year round.

Dundee—A grafted narrow pyramidal form with compact regular growth without shearing.

Plumosa, Andorra Juniper—1½ feet. A rich, bright green in spring and summer, and attractive purplish bronze in winter.

Pfitzer—5 to 6 feet. A dwarf variety of the Chinese Juniper. The foliage is bluish-green and the branches grow out horizontally from the stem.

Sabina, Savin Juniper—4 to 5 feet. A bushy little tree with semi-erect branches and clear green foliage.

Virginia—25 to 30 feet. Sheared specimens of our native Red Cedar. Splendid blue or green summer coloring, purplish-red in winter. Thrives in poor dry soils.

Douglas Fir

Austrian Pine

YEW S

Japanese—Japanese Yew, spreading T cuspidata—4-6 ft. A spreading irregular bush form. Can be kept low by shearing.

Japanese Yew, Upright T. capitata 8-12 ft. Broadly pyramidal. May be sheared into any form.

for WINDBREAKS and GROVE PLANTINGS

Break the cold of those freezing Winter winds. Plant a windbreak. Your home will be easier to heat, more comfortable. Your livestock will winter better, put on cheaper gains for you, when in the protection of a good windbreak. Every farm home should have the protection and beautification provided by a windbreak. Plant yours this spring.

Windbreak Evergreens

Prices per each are for transplanted trees with bare roots. Ball and Burlapped trees are priced below.

18-25 in. 24-30 in. 3-4 ft.
